

Dear Friends & Family,

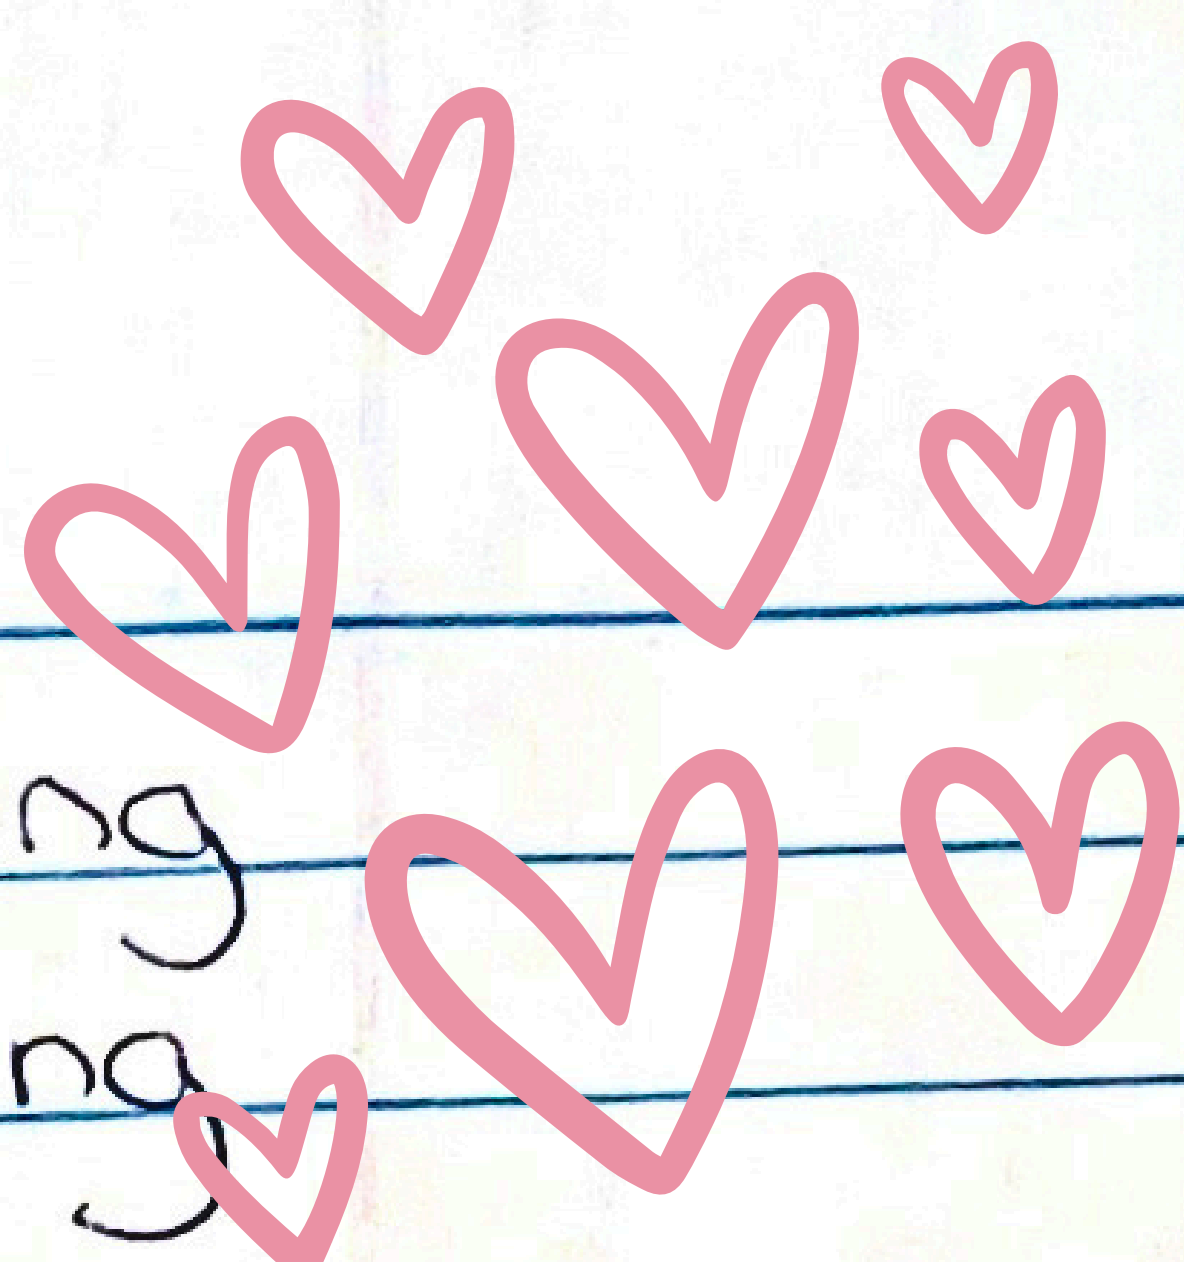

In the season of celebrating love, I think on the verse 1 John 4:19 that says we love because He first loved us. How incredible it is to receive His perfect love, without even having to ask. It genuinely inspires me daily.

I have always been burdened to care for the motherless, and kids lacking love from expected places. That passion led me to Haiti, which led me to BEV, which led to the boys I am adopting.

I have been in the adoption process for over 7 years. It has been long, arduous, heartbreaking with spurts of joy. For those unaware, I am adopting 3 boys: Kervenson, Jean Wilson, and Noah.

Over the last 6 months, I personally have struggled. My time in Haiti has been difficult to say the least. At the beginning of the year, I had to get with God and sit, talk & listen, and assess where I'm at.

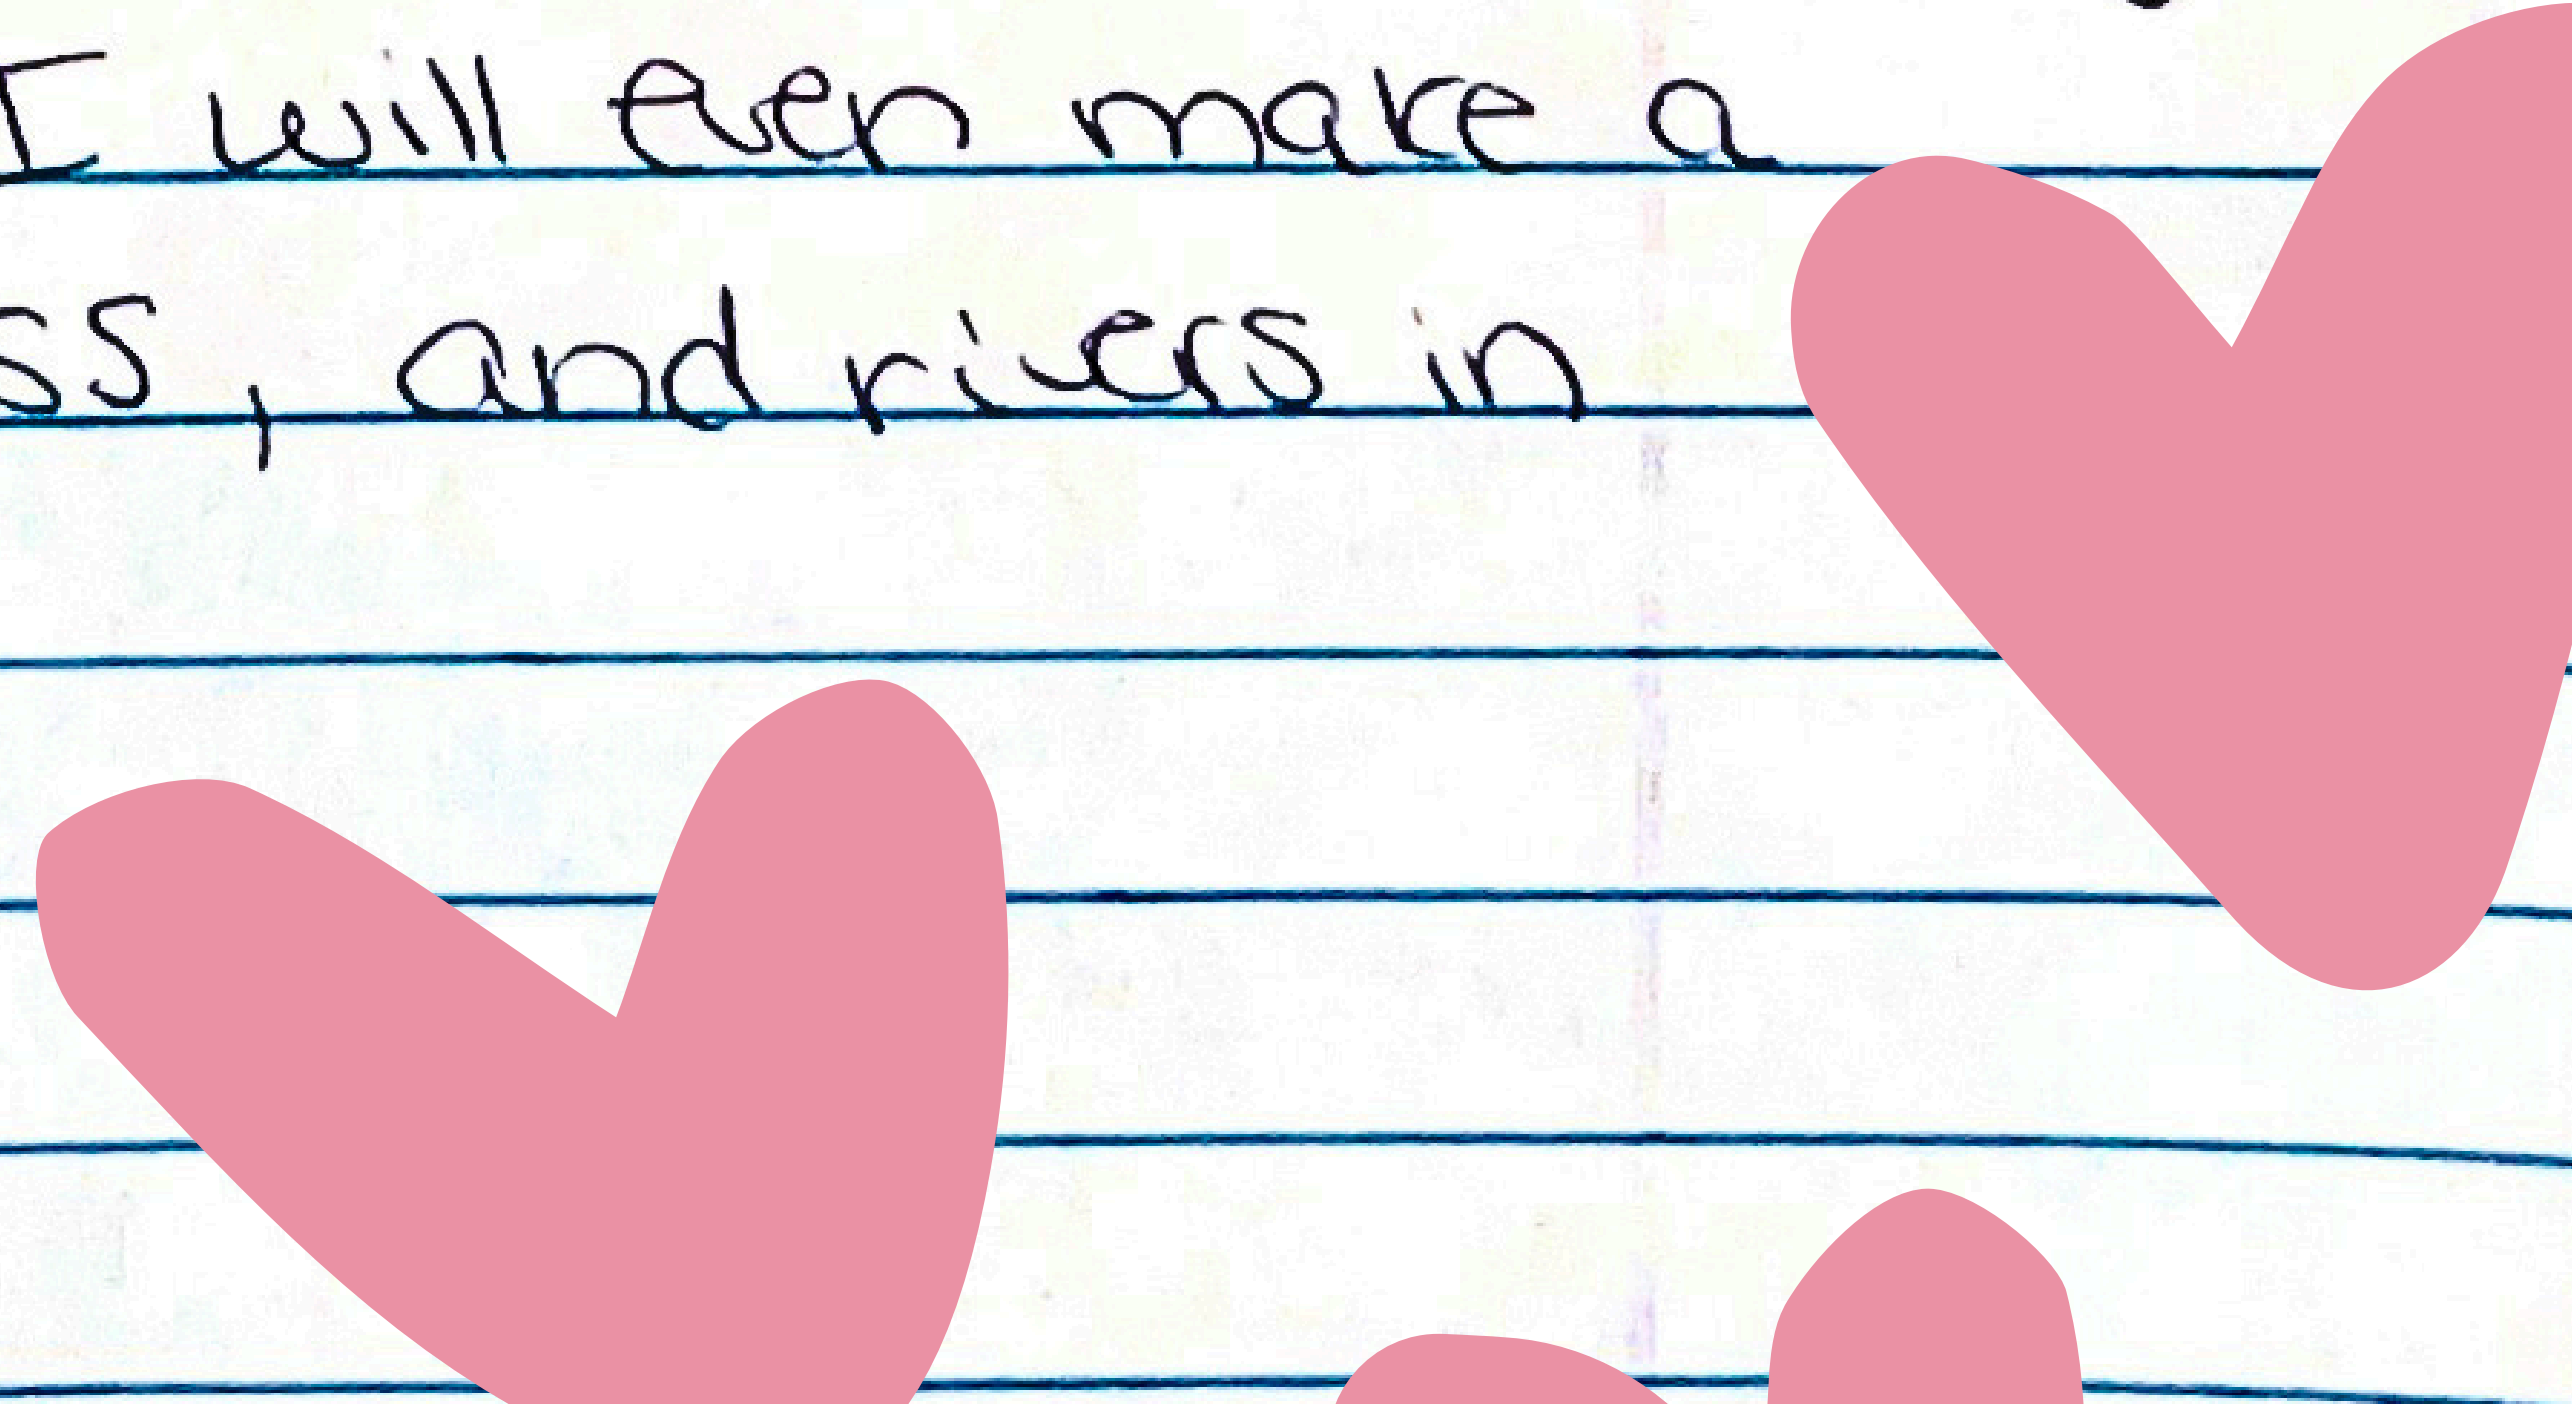

In those moments God kept pressing on my heart the adoptions, and inviting you into the process,

I'm weary, but in thinking through it, I realized I didn't have to be praying & fighting alone for these adoptions to finish. So hence the letter 😊 I really, really, really want to come home to the US with the boys as a family.

I created the magnet as a visual reminder that could help us all keep the adoptions in our hearts and prayers. The adoption symbol of the triangle and heart represents the birth family, adoptive family, and adoptee being connected.

The verse I added is a verse God gave me and used in my life to help restore hope, and not to get weary in my waiting.

I saiah 43:18-19 - Don't rem<sup>em</sup>ber the former things and don't consider the things of old. Behold, I will do a new thing. Don't you know it? I will even make a way in the wilderness, and rivers in the desert.

I have conflicting feelings of selfish desperate attempts for prayers, with joyful obedience to call the church to unify on behalf of these incredible boys.

So lets hang our magnets, unite in prayer, and get this Hassan family legally united and home.
